I am a small in-home-breeder. My fur kids are my family, they are raised in my house. I am not a business but strive to produce a healthy strong line for years to come. My dogs are up to date on shots, they are fed Life's Abundance Dog food and Puppy food.

I give a 1 year Warranty of life, dogs like people can develop health problems that occur which are out of a breeder's control, such as allergies, arthritis, cancers, and many other ailments. I do offer a 1 year replacement puppy warranty at the next available breeding for any puppy that has been diagnosed with a life threatening genetic defect. **This does not include umbilical hernias, grade 1 heart murmurs, fleas (I do not have fleas) preventive diseases covered by vaccination, giardia, coccidian, wormy puppies or tight nostrils, nor health problems brought on by neglect or abuse due to owner is not covered in this contract. Breeder is not responsible for cost accrued after the date of puppy purchase. This warranty is null and void in case of accidental death or injury. To make a claim you must submit Veterinarian's certificate stating cause of death and your puppy's health record.

I do offer a 5 year contract when you sign up under me at Life's Abundance and agree to feed your puppy Life's Abundance Small Breed puppy food and in time you can switch to All Life Stages.

3 Day Health - The purchaser must have the puppy examined by a licensed Vet of choice within 3 days of purchase. If the puppy, in the Vet's opinion has any physical problems that are life threatening the purchaser has the right to return the pup to the seller within 24 hours from the date and time of this agreement, unless a written agreement is made for the distance over 2 hours long. The return of the puppy will allow the purchaser to receive credit in the amount of the purchase price towards acquisition of the first available puppy of equal value. You the purchaser must bring a signed statement from the Vet showing the date the puppy was examined and why the puppy is in poor health risk. This statement must include a description of the symptoms supporting the opinion.
